

4 Courses

C for Everyone: Programming Fundamentals

C for Everyone: Structured Programming

C++ For C Programmers, Part A

C++ For C Programmers, Part B

02.09.2020

ANSHUMAAN KUMAR PRASAD

has successfully completed the online, non-credit Specialization

Coding for Everyone: C and C++

C and C++ are foundational programming languages used across many industries. In this Specialization, learners acquired the fundamentals of coding in C and C++ programming languages, including a deep understanding of computer programming and algorithms, conversion of C to C++, and the ability to use it to solve complex problems.

Ira Pohl

Professor Ira Pohl, PhD
Baskin School of
Engineering
University of California,
Santa Cruz

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
